

INDUSTRIAL PROCESS MEASUREMENT, INC.

Instrumentation Supply, Service & Accredited Calibration

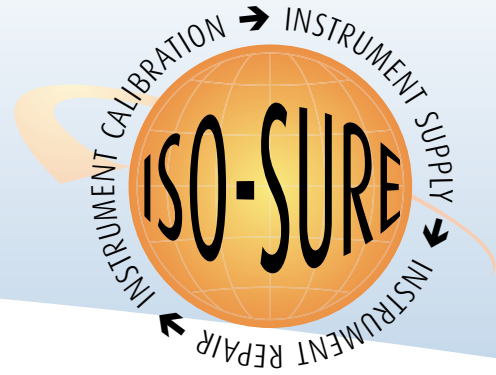

Instrument Calibration

Instrumentation Sales

Instrument Repair Services

TOTAL INSTRUMENTATION SUPPLY

// Over 99%
of our customers
come back //
year after year.

Finally a Supplier you can count on!

- One source for instrument supply and calibration
- Competitive price quotes for instruments and service
- Purchase certified test equipment from one source, calibrated, ready to use
- One test instrument vendor saves time and money while increasing quality
- Big company capabilities with small company attention to details

ISO-Sure Instrument Supply

- Buy new test equipment already certified
- Test instruments available from 100's of manufacturers
- Full online test instrument catalog
- Trained technical sales staff for free application assistance

ISO-Sure Accredited Calibration Services

- ISO 17025:2005 Accredited Calibration Lab
- Comprehensive calibration scope of accreditation
- ISO 9001:2008 certified quality system
- Fast instrument turn-around time
- Onsite calibrations available at your facility

ISO-Sure Instrument Repair and Service

- Advanced repair capabilities of most major brands
- Expansive spare parts inventory
- Most major brands of test instruments supported
- All repair estimates quoted to you prior to work beginning
- Approved US service center for several European manufacturers
- Lower cost repairs with up to 50% savings over OEM prices

Total Instrumentation Supply - One Source One Solution

INSTRUMENTATION SALES

PRODUCTS AVAILABLE FOR ALL YOUR TEST, MEASUREMENT, CONTROL AND CALIBRATION REQUIREMENTS!!!
IPM Inc. has been distributing new test and measurement equipment for over 15 years. We represent some of the best brands in test, give us a call for all your measurement needs.

Some advantages of purchasing from IPM Inc., include:

Experienced Applications Engineers • Competitive Prices • Large Stock
Friendly Support Staff • Calibration Available on Most New Purchases
Convenient Online Catalogs • Credit Cards and PO's Accepted • Top Brand Products
Technical Support • Repair Support • Order Online with Ease • Live Online Chat Available

ISO 17025 ACCREDITED & ISO 9001 CERTIFIED CALIBRATIONS

IPM has been certified to the ISO 9001 quality standards for many years. More recently, in response to our customer's request, we decided it was important to pursue accreditation to ISO 17025. As a result, we have been granted accreditation status to ISO 17025 by A2LA. Our quality system is well established with many records for your quality auditors to review. We welcome onsite audits so that we may introduce you to our staff and show off our commitment to total quality in every aspect of our business. We are also happy to complete any vendor survey forms you may have, simply email us a copy and will return it to you promptly as often as needed. We take great pride in our quality systems and love the opportunity to show it off!

ISO 17025:2005 Accredited & ISO 9001:2008 Certified Services

Part of an extensive quality system is meeting rigorous standards established by the metrology industry. We have designed our system so that it meets the following standards, thus ensuring you are receiving a competent calibration:

- ISO 9001 Certified QMS
- ISO/IEC 17025:2005 Accredited Facility
- NQA 1
- ANSI/NCCL Z-540-1-1994
- MIL-STD 45662A
- ISO 10012-1:1992
- Federal (CFR) FDA & GMP Requirements
- UL Testing Compliance

**"We take
GREAT PRIDE
in our quality systems."**

COMPREHENSIVE CALIBRATION SERVICES AND RESULTS

Our philosophy in calibration is to provide our customers professional calibration results for a reasonable price. As a result, we have no gimmick pricing. Your price will include a full calibration certificate with results at no extra charge. Our feeling is a calibration is meaningless unless you can review the performance of your equipment in detail. Use IPM and never pay extra for data again.

When purchasing our services, you will receive:

- **Original, Signed Calibration Certificates**
- **Only NIST Traceable Assets used**
- **4:1 or better uncertainty ratios**
- **Certified and Traceable As Found/As Left test results**
- **Tamper-Proof Calibration Labels and Seals**
- **Calibration Adjustments without additional charges**
- **CALBASE™ Computerized results and database tracking**
- **Free instruments recall reports sent monthly to your QA department**
- **Per piece or lump sum service quotes**
- **FREE Pick-up and Delivery within local areas (5 piece minimum)**
- **5-7 Day Target Turnaround**
- **24 Hour Emergency Premium Service**
- **Special Changes/paper work to meet your quality system needs**
- **Automated calibration procedures cut down on errors**
- **Repair estimates sent in writing before work begins**

“Use IPM and NEVER PAY EXTRA for data again.”

Comprehensive Calibration Services & Results

COMPREHENSIVE CALIBRATION CAPABILITIES

Calibration services are available in our state of the art laboratory or at your site. IPM Inc. continually expands the capabilities of our calibration lab to strengthen our service offering to you. Major areas we have capabilities include electrical, thermo dynamic, dimensional and mechanical disciplines.

Capabilities List:

- Anemometers
- Attenuators
- Balances & Scales
- Barometers
- Calibrators – All Types
- Calipers (Dial & Digital)
- Capacitance Meters
- Chart Recorders
- Clamp Meters (AC/DC)
- Counters
- Data Loggers
- Decade Resistance Boxes
- Dial Calipers
- DMM
- Durometers
- Dry Block Calibrators
- Flow Meters
- Force Gauges
- Frequency Generators
- Frequency Counters
- Ground Resistance Testers
- Height Gauges
- High Voltage Meters
- Hipot & Safety Testers
- Humidity Meters & Transmitters
- Inductance Meters
- IR Thermometers
- LCR Meters
- Light Meters
- Mass (Weights)
- Megohmmeters
- Micrometers
- Micro/Milli - Ohmmeters
- Multimeters
- Network Analyzers
- Oscilloscopes
- Panel Meters
- pH Meters/Transmitters
- Power Meters (RF & AC/DC)
- Power Sensors (RF)
- Power Supplies (DC & AC)
- Pressure Calibrators
- Pressure Gauges & Sensors
- Pressure Switches
- Protractors
- Recorders (All Types)
- Resistance Standards
- Rotameters
- Scales
- Signal Analyzers & Gens
- Sound Level Meters/Calibrators
- Spectrum Analyzers
- Stroboscopes
- Stop Watches & Timers
- Tachometers & Strobos
- Thermometers
- Torque Gauges & Wrenches
- Vacuum Gauges
- Volt Ohm Meters
- Watt Meters

INSTRUMENT REPAIR SERVICES

With over 40 years experience in electronic repairs, our advanced service department is ready to service your test equipment and instruments. Below is just a partial list of the brands we regularly service in our state of the art facility. Even if the brand you need serviced is not listed, we will evaluate almost any instrument and provide you a written estimate before any repairs take place. Our evaluation fee is reasonable for most instruments. This charge will only apply if you decide not to have your equipment repaired. If you decide to have us repair the equipment this fee is waived. Our repair fees are usually very competitively priced and are up to 50% less than the original manufacturer cost. We also support an array of equipment no longer serviced by the manufacturer with a parts inventory that spans back over 40 years.

- Ametek (Jofra)
- Agilent Technologies
- AEMC (Chauvin Arnoux)
- Altek
- Associated Research
- Ashcroft (Dresser Industries)
- AVO/Biddle/Megger
- Amprobe (Advanced Test Products, TIF)
- Bacharach
- Beta Calibrators
- Digitron UK (Sifam Instruments)
- Druck (GE - Unomat - SI Pressure)
- Dwyer
- Extech
- Fluke
- Genrad
- GMC Instruments (Gossen, Metrawatt, Caumille Bauer)
- Gould
- Hameg
- Hart Scientific
- Hewlett Packard
- Hioki
- Hypotronics
- Keithley
- LEM
- Martel Electronics
- Megger
- Newport
- Omega Engineering
- Partlow (Danaher - Rustak - West)
- Reed
- Rod L
- Simpson Electric
- Techne
- Tektronix
- Transmation
- Transcat
- UEI
- Vaisala
- Weston
- Yokogawa....Plus many others.

BASIC REPAIRS INCLUDE...

Multimeters
Dry Blocks
Megohmmeters
Calibrators
Hi Pots/Safety Testers
Power Supplies
Decade Boxes
Mics/Calipers
Pressure meters
Thermometers
Humidity Meters
Clamp On meters
Air Flow Meters
Weights
Recorders
Data Loggers
Controllers
Temp Baths
Watt Meters
Ohm Meters
Signal Generators
Oscilloscopes
Insulation Testers
Panel Meters

**PLUS MANY,
MANY MORE!!!**

"Our repair fees are up to
50% less
than the original manufacturer."
